Dr. Bowman Talks About Fish Breeding And Raising

**Fish That Bear Young,
Male Fish Who Care for
Young, Is Subject**

Dr. Paul Bowman, professor of Biology, will entertain the Aquarium Society Friday with a paper on the breeding and the raising of tropical fish and will show his exhibit of beautiful and exotic fish, the largest collection of tropical fish in Washington.

Among the fish in Dr. Bowman's collection are fish that bear living young. While they do not receive nourishment from the parent, the young are retained in the body of the parent until they have exhausted the yolk material and are then expelled. Those in this group are: guppies, mollies, sword tails, moonies, limas, gambusias and platys.

Others lay sticky eggs which stick to the plants or to the side of the aquarium while the male follows and fertilizes them. This group includes goldfish, barbs, tetras, pencil fish and tropical catfish, the long-whiskered fish.

Another group in which the male is the guardian of the eggs is the bubble nest builders; gouramis, Siamese fighting fish and paradise fish. The former lay eggs which float to the surface and the male blows bubbles which form the characteristic nest. In the latter two groups, the male squeezes the eggs from the female, then catching the eggs in his mouth and blowing bubbles around thereby floating them to the surface. He then drives the female away and if the tank is small, may kill her. He tends the eggs, repairing the nest and rescuing eggs which may fall to the bottom and tends the young for a while after they are hatched. After they are able to take care of themselves, however, he may turn cannibal and eat them.

Others in the exhibit include the Zebra dania in which the male pursues the female around the bowl and butts her in the side expelling the eggs.

Dr. Bowman uses this collection in instruction and plans to make extensive genetic studies as well as studies of a histological and embryological nature.

Math Prize Contest Opens

**Twenty Dollar Prize Of-
fered to Graduating
Student**

The annual competitive examination for the "Rugby" prize for excellence in mathematics will be held May 22. Students who expect to receive a bachelor's degree in June or next February are eligible to compete, but no student may compete more than once.

The prize, \$20, was founded by Prof. William Ruggles, LL.D., in 1859, and is awarded annually to a member of the graduating class. The subjects covered in the examination will be algebra, trigonometry, differential and integral calculus. However, the examination will be sufficiently comprehensive to make the maturity gained in a course of study similar to that required of mathematics majors in Columbian College a valuable, though not indispensable, asset.

Further details may be obtained from any member of the mathematics department. Application to compete must be made with the department before May 19.

Committee on Musical Organizations Is Named

The following Committee on Musical Organizations has been appointed for next year: Miss Anna Pearl Cooper, chairman; Robert Howe Harmon, William Paul Briggs, chairman; Colin Mackenzie Mackall, Warren Reed West, Willard Hayes Yeager, Chester Elwood Lees, John Francis Latimer and Mrs. Marcelle Le Menager Lane.

Through an error The Hatchet last week printed lists of the above committees in incorrect form.

Theta Tau Meets

Theta Tau, national professional engineering fraternity, will hold its regular semi-monthly meeting tomorrow night in D-201 at 7 p.m. Annual election of officers will be held, including regent, vice regent and two delegates to the Engineering Council.

Radio Tryouts

Radio players of Cue and Curtin will hold open try-outs at 8 p.m. today in the studios of Station WMAL, 712 11th St., for the last play to be broadcast this year.

Microphone auditions, open to all students, will begin promptly. Prof. Douglas Bement, director, announced, and a rehearsal will follow. Parts will be cast for about six men and three women.

Stars Indicted for Murder Progressives Win 3 Seats After Protest

Cue and Curtin's "Post Road" Plays at Wardman Park Theater Friday and Saturday

By Julia Evans

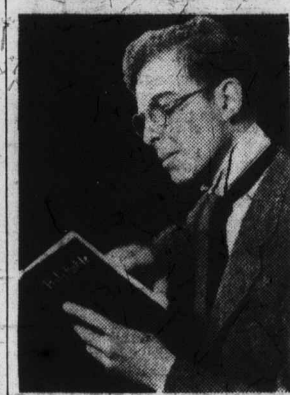

Charles Grunwell, Sue Slater, and Harold Miner will be indicted on charges of kidnapping, murder, and general intrigue at the Wardman Park Theater Friday and Saturday nights in Cue and Curtin's production of the successful Broadway mystery-comedy, "Post Road," by Wilbur Daniel Steele and Norma Mitchell.

The plot thickens in a setting reeking with New England respectability and Puritanism. New England respectability, modified by a sense of humor and a vigorously modern zest for living, is typified by Emily Madison, a delightfully unmaidenish spinster, played by Betsy Yates. Emily Madison accommodates tourists in her home on the Boston Post Road. The night she takes in Dr. Spender, played by Harold Miner, and his patient, a young girl taken ill while traveling, played by Mimi Norton, Emily becomes the central figure in unraveling a complicated plot, which saves this reporter a lot of worry.

Plot Thickeners

Joe Rubenstein

Charles Grunwell

Betsy Yates

Plot Thickeners

Emily is feebly assisted by her amiable but inefficient brother-in-law, played by Merrill Hansen, and her flighty and easily excited sister, May Preble, played by Elizabeth Green. Emily becomes suspicious when she realizes that although the girl has been announced as the mother of a baby, there has been no birth. She investigates the situation quietly and

Sales Contest Again

To the Presidents of Fraternities and Sororities:

Cue and Curtin will again sponsor an Interfraternity-Sorority Sales Contest for "Post Road" to be given Friday and Saturday at the Wardman Park. A Cherry Tree will be awarded to the fraternity and sorority having the largest number of people in attendance. Winners will be determined on a percentage basis of the total active membership of the organization.

efficiently, and is convinced that she is housing a kidnapped child. Her efforts are blocked intentionally or unintentionally (see play).

(See Cue and Curtin, page 4)

Britt Is Elected To Science Group

Prof. Stuart Henderson Britt of the department of psychology has been notified that he has been elected a Fellow of the American Association for the Advancement of Science. Members of the association are elected as Fellows in recognition of research work which has advanced science.

Dr. Britt has done experimental work in the fields of audition and social psychology, and has had articles on these subjects published in various psychological journals.

International Students Show European Films

Many distinguished guests attended the showing of color films of Czechoslovakia, Germany, Hungary, Poland, Rumania and Yugoslavia, held by the International Students' Society Wednesday in Corcoran Hall.

Among those present were the Minister of Rumania, Charles A. Davila; the Minister of Czechoslovakia and Madame Hurbán; the Minister Counselor of Cuba and Senora de Baron; the Attache of the Polish Embassy, Michal Budny; the first secretary of the Rumanian Legation and Madame Babes; the financial counselor of the Rumanian Legation and Madame Boncosco; the Attache of the Rumanian Legation, Laurence Bungeanu; the counselor of the Hungarian Legation, Anthony de Balasy; the Attache of the Czechoslovakian Legation and Madame Palle; Frau Schulz and Frauline Heiga Schulz, wife and daughter of the chancellor of the German Embassy; the Rumanian Consul at Cleveland and Miss Emily Golding, of Great Britain.

Notice to N. Y. A. Students

N. Y. A. checks for the period ending April 17 are now in the Cashier's Office of the University. Students are urged to call for their checks at once since all checks not called for within a five-day period must be returned.

Women's Dorm, Strong Hall, Is Dedicated Friday; Donor Unveils Tablet; Marvin and Sibley Speak

The Hattie M. Strong Hall, first dormitory at the University, was dedicated Friday. Mrs. Henry Alvah Strong, donor of the building, pulled the cord unveiling the tablet placed on the north wall of the building and bearing the inscription "Erected by a Woman's Altruism and Understanding. Dedicated to the Growth of the Human Spirit That God and the State May Be Served by Noble Women."

A large group of University people and distinguished guests assembled on the grounds of the hall while the speakers were seated on the balcony opening from the first floor reception room of the dormitory.

In accepting the gift of the building on behalf of the trustees, President Cloyd H. Marvin expressed the "prayer that as we go forward with the University program we

"The Actions—And Reasons—of the S.L.C. Must Be Available— Editorial, page 2."

The Student Council upheld the protest of the Progressive Party against the recount of ballots for the Columbian College Council last Tuesday following testimony of Ben Canfield, chairman of the Progressive Party, Jay Samuel, chairman of the Service Party, and John Daugherty, who had participated in the first count.

The ruling changed the composition of the Columbian College Council from five Service members to three Progressives and two Service. Those from the Progressive Party who were put on the council as a result of the ruling are Betty Griswold, whose 108 votes were recognized; Carolyn Watson, who had 104; and Esther Yanovsky, with 106. Karl Schmidt, with 108, and Robert Paris with 104 are the Service Party members.

3 Eliminated at Recount

Eliminated by the ruling were Doris Eason, Joe A. Jones and Frances Walsky, who had been elected on the recount.

The protest was occasioned when, following a recount at the request of Service Party members, 13 ballots, less were counted than were numbered in the first tally. The Service Party had charged irregularities and confusion in the first count, which, it said, resulted in more votes going to the Progressive candidates than was proper. Canfield based the Progressive protest on the missing 13 ballots.

Daugherty Testifies

Daugherty testified that while "there might have been a variation of two or three ballots, there could not have been a discrepancy of 13."

The Council meeting was concerned principally with the reading of reports of the different committees. Ross Pope, president of the Council, requested all committee chairmen to have complete reports on their year's activity at the next meeting.

It was decided to have an Inaugural Ball on June 4, when officers and members of the new Student Council will take office. A dance previously scheduled to be held last Thursday was cancelled.

Blue Key Asks For Charter

**Fifteen Prominent Campus
Men Sign Petition for
Chapter Here**

A request from 15 men for permission to apply for a chapter of Blue Key, national honorary activities fraternity, is under consideration by a subcommittee of the Student Life Committee. It was learned last week by The Hatchet.

Those who were reported to be making the request included Harry Ames, Edwin C. James, Edwards, Davis Harding, Hal Kiesel, Morris Kruger, J. Harold Link, Russell Payne, Dix Price, George Rhine, William Rochelle, Kenn Romney, Jay Samuel, Woodrow Thomas and Bert Wildman.

The request was presented to the Student Life Committee in the form of a petition signed by the above men two weeks ago and was immediately referred to the subcommittee.

The subcommittee is composed of Mrs. Vinnie G. Barrows, directors of women's personnel guidance, chairman; Frances Humphrey, and Davis Oberlin.

Action on the request has not yet been taken, though qualifications of the men involved have been studied.

Ennes Edits Next Hatchet

As Official Term Begins
Beginning with the next issue, The Hatchet will be issued under the editorship of Howard W. Ennes, Jr., who takes over the position being vacated by Margaret Davis, graduating senior.

Mr. Ennes has completed a four weeks probationary period of service as editor and will serve until December, when Robert Howell, associate editor, will become editor.

Annual Band Banquet Will Be Held Friday At Sholl's Restaurant

Dr. Cloyd H. Marvin, Capt. William Darcy, Capt. William J. Stannard, Lieut. Charles Bentner, Dean Paul Briggs, Dr. Robert Harmon, Max Farrington, James Pixley, Miss Anna Pearl Cooper, Mrs. Leon Brusloff, Dan Andersen, business manager of the Glee Club; Margaret Davis, editor of The Hatchet; and the board of editors of The Hatchet will be among the honor guests at the Band's seventh annual banquet Friday at 8:15 p.m. at Sholl's Confectionery Cafe.

Farrington will act as master of ceremonies. The speakers will be Dr. Marvin, Dr. Harmon, Pixley, Miss Cooper and Sidney Cross, president of the Band. Brusloff will speak on "The Trials and Tribulations of a Band Leader," or "Why Band Leaders Die Young."

Presentation of the "Director's Award," an annual award of the Band will take place following the banquet with the election by the Band as a whole of the outstanding member, who will receive a cup donated by the director. First-year service awards of buff sweaters with blue University seals, and the three-year service awards of gold keys will also be presented.

The new initiates and honorary members of Kappa Kappa Psi will be awarded certificates of membership following the banquet.

Election of officers for the coming year will also be held at this time.

The band will appear at the banquet in their new uniforms, which will be worn in honor of President Marvin, who was responsible for obtaining them.

Initiates Named At Pi Gamma Mu Conclave Meeting

The Atlantic Regional Conclave meeting of Pi Gamma Mu, national social sciences fraternity, will be held in Washington next Saturday.

New members will be inducted at the banquet. Officers are to be elected at a business meeting later.

The afternoon session of the Conclave will be held at American University. Prof. John Donaldson, national vice president and professor of political economy here, will speak on "The Question of Standards in Social Sciences in American Universities."

Charles Elwood, national president and professor of sociology at Duke University, will speak on the future of Pi Gamma Mu.

Senator Guy N. Gillette of Iowa, who recently addressed the local chapter of Delta Phi Epsilon, will speak at the banquet on the question "American Neutrality and World Peace." Prof. Lowell J. Ragatz is the present president of the George Washington Chapter of Pi Gamma Mu.

Dr. John Donaldson, professor of political economy, who is national vice president of Pi Gamma Mu, honorary social sciences society, talked on the purposes and potentialities of Pi Gamma Mu at the society's South Atlantic regional convention at Duke University Friday.

Dr. Donaldson told the members that it was the duty of Pi Gamma Mu to promote scholarship in and integrate the social sciences. He compared the problems in the fields of the social and natural sciences. At the same time he brought back some interesting developments from the South. One of the chapters in the South Atlantic division is carrying its social science into practice.

Dr. Donaldson said the social sciences honorary chapter at South Carolina has attempted to apply its social science by aiding in some of the backward communities around Columbia, S. C. He said they are helping to draft social legislation for the South Carolina Legislature.

Dr. Donaldson also presided at the induction of members to the Duke chapter at a banquet Friday night.

The banquet at which new members will be installed by the chapters from George Washington, American University, Catholic University, and Georgetown University will be held at 2400 Sixteenth St. Saturday night.

Iota Sigma Pi Chem Sorority Installed Here

Iota Sigma Pi, national honorary chemical sorority, installed Polonium Chapter here at a banquet at the Little Tea House, Arlington, Saturday.

Installing officers were Dr. Vera Patterson and Mrs. Esther Daniel. The following new members were pledged: Frances Hyslop, Marian Kles, Marie E. Kraft, Jean McGregor, and Elizabeth Middleton. An honorary membership was conferred upon Miss Marie O'Dea, organizer of the local chapter in 1923 known as Chi Sigma Gamma.

This organization was founded in 1900 at the University of California and now has 21 chapters in leading colleges in the United States. The purpose of the sorority is social and to further the interests of women in chemistry and allied subjects. Membership is limited to those who have high scholastic.

Glee Club Will Hold Tenth Annual Concert At Willard Thursday

As a variation from the usual annual Glee Club concert programs, the tenth annual concert, at the Willard Thursday night at 8:45 will not only consist of groups by the men's, women's, and mixed clubs, but of a group of solo selections sung by Margery League, dramatic soprano, member of the women's club.

Dr. Robert Harmon, director of Glee Clubs, announced another special feature of this year's program Thursday. The first group on the program, which will be sung by the men, will close with the introduction of a new George Washington University song, "Buff and Blue Forever." This song was written more than a year ago by Warren W. Grimes, George Washington alumnus and member of the bar of the District of Columbia, but it will be sung for the first time in public Thursday night.

Follows Tradition

According to glee club tradition, the Men's Club, singing Kremsler's "Prayer of Thanksgiving," will open the concert. The rest of the first group will be "The Jolly Roger," by Robertson, "Marching Men," a ballad of the Scotch border, by Protheroe, "Old Man Noah" by Bartholomew, director of the Yale Glee Club, and Grime's "Buff and Blue Forever."

This group will be followed by the solo group by Miss League. She will sing "Dich Theure Halle" from Wagner's "Tannhauser," the "Cry of Sailer" by Salter, and "A Birthday" by Woodman.

The Women's Club will then sing "Emilia's Spirit" by Schuetky, sung as capella. Next is "Venetian Love Song," Goddard's "Lullaby from Jocelyn," and "List! the Cherubic Host" from Gail's "The Holy City." Miss League will sing solo parts in the "Lullaby from Jocelyn," and both she and Randolph Hughes, baritone, will sing solo parts in the last number of the group.

The next group will consist of Parker's "Lullaby in the West," Schumann's "Lotus Flower," Silbelius's "Dear Land of Home," and Jungst's "Dearest Farewell," sung by the Men's Club unaccompanied.

Band Members Play

The fifth, and final group will bring to the stage over 100 voices from Men's, Women's, and Alumni Glee Clubs. The first selection in this group will be Warren's "National Hymn." ("God of our Fathers"). The club will be assisted by four trumpeters from the band in

(See Glee Club, page 4)

Cory, Kniffen Win In Frosh Speech Contest

"Mysterious Malay" Talk Wins in Phi Sigma Kappa Contest

The "Mysterious Malay Peninsula," where fish climb trees, where ants travel in hordes eight inches deep, where deer are no bigger than rats, and where everything is just the reverse was the subject of the winning speech of Calvin Cory in the freshmen oratorical contest, sponsored by Phi Sigma Kappa Thursday. Cory is a member of the freshmen debate squad and participated in several debates during the past year.

Wayne Kniffen, who won second place, discussed the "Precinct Worker," the way our votes are counted, the tricks of the trade of the precinct worker, the "crookedness" of elections and ended by saying "that until human nature changed, cheating will continue as it is at the present time." Mr. H. Paul van Hemert, third place winner, spoke on "Our Heritage," explaining how in the past the American spirit had managed in spite of many difficulties to overcome obstacles. He sighted Edison, Fulton and many other leading inventors and said that our future was certainly as bright as theirs.

Ten Complete

Ten freshmen completed in this contest, and their subjects ranged from attacks on the lynchers of the South, the poor education afforded children of the South, an extraordinarily good Fourth of July speech and an entertaining speech on odd inventions. Most of the speeches were persuasive or instructive. "The Mysterious Malay Peninsula" and "Odd Inventions" the only two that were largely humorous.

South Is Retrogressing

James Greeley Pinkerton told of the wretched education facilities for those of the South, and told of how the South seemed to be going backward in education rather than advancing as many people suspect. Remmel H. Dudley spoke violently against the lynchings of the South and proposed that an anti-lynching law be passed. John H. Kleinkauf spoke of the confidence man and how he swindled his victim.

The judges of the contest were Willard Hayes Yeager, Dewey professor of public speaking; Miss Helen Prentiss, national secretary-treasurer of Delta Sigma Rho, honorary forensic fraternity; and Miss Martha Gibbon, assistant professor of English, George Washington University. Woodrow Thomas, president of Phi Sigma Kappa, acted as chairman of the contest.

Seeger and Pratt Speak to Chapel

Dr. Raymond J. Seeger of the physics department will address chapel Friday in Corcoran Hall at 12:10.

Last Friday the Rev. P. Butler Pratt stated that the religion of Jesus is not a series of "don'ts" which narrow life and repress natural instincts—rather essential to the proper development of our personalities—it is the greatest element in the development of everything that is fine and true and noble in life.

Phi Chi Installs

Officers for the coming year were installed at a recent meeting of Phi Chi, men's medical fraternity. Those in office are: presiding senior, Wolcott Etienne; presiding junior, William R. Schultz; treasurer, Ernest Gould; secretary, Howard Donald; chapter guide, Frank Gibson; judge advocate, Edward Wilson.

Interested in Extra Cash?

The Hatchet Business Staff offers you an easy means of earning several extra dollars each month. Advertising commissions as high as \$28 per month have been earned. Why not make them yours?

All students interested in the Business Staff will hold a meeting following 7 o'clock classes on Friday in The Hatchet offices in the basement of Building F. Plans for the fall advertising campaign will be drawn up and solicited for the remainder of the academic year discussed.

For further information contact the Publications Office, 2101 G St. N.E. 5200.

Dedicated to the Spirit

WITH the dedication of Strong Hall, the dormitory takes on a new dignity. The building which was opened last year in semi-complete condition and served as little more than a roof over the heads of those who occupied the lower floors has become a finished structure housing a full household. Acquaintances have mellowed into friendships, novelty has given way to substantial pleasure in the facilities, and comforts which the dormitory has to offer. Campus life has been experienced by more than 100 girls.

Out of the dedicatory exercises came the correlating of those sentiments which have grown up about the dormitory on the part of residents, administrators, and outsiders.

In response came the expression of the spirit which was behind this rearing of bricks and mortar, the expression of a desire on the part of its donor that the hall might be "a real home, where lasting friendship will be formed, high ideals nurtured, and young women better fitted for useful lives in our complex world."

With these words Mrs. Strong averted, for a moment, the eyes of those who are to reap the benefits of dormitory life, from the material profits of the present to that goal of a future ideal toward which we must look now and again if we are to go forward. Those who are in the dormitory now have felt the gain which comes from the sharing of spiritual loveliness as well as material loveliness.

This hall not be lost to those women who are to follow the first residents of Strong Hall for the self behind Strong Hall was sensed by our President before it became so evident to the rest of us here, and a telling sentiment was put in words to make it lasting. On the north side of the building will be ever inscribed:

ERECTED BY A WOMAN'S
ALTRUISM AND UNDERSTANDING
DEDICATED TO THE GROWTH
OF THE HUMAN SPIRIT THAT
GOD AND THE STATE MAY BE
SERVED BY NOBLE WOMEN

The Actions—and Reasons—of the SLC Must Be Available

A QUESTION has arisen in regard to publication in last week's Hatchet of two articles dealing with the action of the Student Life Committee in failing to pass the "powers" amendment to the Student Council constitution.

Our facts are not questioned, nor our right to comment. But the point has been made, in effect, that the divulgence of Student Life Committee actions is not an "honorable" action of any member of the committee, student or faculty, because the work of the committee must be "private."

To us, this position is untenable. The Student Life Committee, as its function is now understood, is one of the final bars of decision in student matters. Its actions must be open to the scrutiny of the student members of the University.

We were told some weeks ago that "every five years or so the students should be allowed to work out their own destinies." We agree. In a university, at least, there should be available this opportunity.

However, two vital facts have been refused recognition at George Washington University.

If we are to work out our problems, it is absolutely necessary that we have free access to the facts and the reasons behind those facts. If we are to solve those problems in a university manner it is imperative that the students should receive the full cooperation of open and frank discussion with the faculty and the administration.—H. E.

More Trash Cans and Benches

OUR attention has been called in recent weeks to a scarcity of two facilities on the University grounds.

Possibly most important of these two is the lack of trash cans. We have found some students carrying papers from class to class rather than drop them on the floor. More often the papers are dropped. We do not mean to suggest that waste-baskets be installed in class rooms, but it would be convenient and possibly would improve the looks of the buildings if a trash receptacle could be available on every floor of principal buildings of the University.

The second matter which we wish to mention is that of too few benches in the Yard. Although many of us have been throwing aside convention and sitting on the grass, there are many others who feel they can't risk the grass stain. Crowding in the libraries on these warm, sultry, spring days becomes insufferable; and yet if there is no place else to sit, those who are reading their own texts as well as students engaged in reference work must use the library and contribute to a mutual discomfort.

ODK-Faculty Baseball?

LAST year, one of the most colorful of the annual University affairs was not presented. The faculty-ODK baseball game, which was for years a subject of speculation before it happened and a subject for good copy, pictures, and conversation after it happened, was postponed and finally not played at all.

This year, the general idea is held that since the event was not held last year it will not be held this year. Both from the spectator and the participant angle, the game seems to us worth reviving. If work would keep ODK from presenting a good team during the afternoon, arrangements might be made to hold the game at night.

An Appreciation

NEXT week The Hatchet will be put into the hands of the editor-elect, a man who has served the paper faithfully and with talent for the past three years. The old editor, in leaving, wishes to express appreciation to those three groups that have made working on the paper both a possibility and a pleasure.

First, to a staff which has served with her faithfully and enthusiastically and striven with her toward the end of putting out a good paper; secondly, to a student body whose activity and cooperation have proved both a source of inspiration and a happy hunting ground for an editorial staff; and lastly, to an administration whose strictly hands-off policy has instilled within us a desire to execute our responsibilities the best that we are able and whose kindness in the event of our shortcomings has been ever generous.

Comments
by on Events

When Toms, Dicks, and Harrys Start Reaching the Top... Then We May Need Blue Key.

FOR some time there has been apparent a trend, or tendency, or situation by which too few students in the University are doing too much in extra-curricular activities, too many are doing too little to make it worth their while, and too many are doing nothing at all.

Stop and think how many really "big-shots" you can name. The list will hardly run to 10, without taking in some Toms, Dicks, and Harrys, and it probably will be several less.

I don't know how long there's been this situation, but for three years I've watched students at the top in activities take on job after job, often working themselves near nervous breakdowns, while others stood around technically participating, but actually doing little.

It's hard to name a cause for such a state of affairs. Is it the system? Or the attitude of students? Frankly, I don't know why there aren't more people out working, fighting to the top. Every week The Hatchet carries columns on activities; to read the paper you'd think every one of the 8,500-odd students were right in there swinging. But they aren't.

If the system is at fault it is probably stagnation or a lack of variety. With the exception of the Union there has been no advance lately in the scope and range of our activities. We have not reached out to interest more students through increased opportunities and interests.

The Committee on Activity Reorganization spent about two months of rather intensive work last winter looking for faults, only to see its efforts were of no avail. But this material came principally from students who were in activities, and not that group outside that represents possibilities for expansion.

A good explanation of why so few of those who do start out get to the top is the obvious distaste for "career" activities. Students don't like a place if they have to plug along for a year or two waiting for the break. They'd rather try for fame through politics or let politics be their vehicle. This instinct is aided and abetted for many organizations which make little provision for training new people to take over next year.

Our set-up here probably lacks the appeal it should have for most students in fact. I guess that's obvious. But what to do about it? Those of us in various organizations seem to like it, but even students taking all day classes, and many of them light courses, seem to stay away in droves.

Some of us wish there were more dependable, tested people available and interested in activities. Scopes could be broadened, new fields added, and when more definite progress toward a balance between classroom and campus work could be made.

THIS discussion of activities and people in them reminds me of another subject—the Blue Key Movement.

There are about 15 men making an effort to secure for George Washington a chapter of Blue Key, honorary activities society and rival of Omicron Delta Kappa. As near as I can find out the men are Harry Ames, Edwin Cane, James Edwards, Davis Harding, Hal Kiesel, Morris Kruger, J. Harold Link, Russell Payne, Dix Price, George Rhine, Bill Rochelle, Kenn Romney, Jay Samuel, Woodrow Thomas, and Bert Wildman.

Most of them have been in activities to some extent, but almost without exception they have not reached positions of great prominence. Exceptions might be Romney, who was production manager of Cue and Curtain, among other things; Rochelle, now that he is president-elect of the Student Council; and Ames, who two years ago was treasurer of the Council.

I have been told that the record of each was checked with O. D. K.'s point system by a member of the administration and not one found who had the necessary 20 points, including a 10-point or two 5-point positions.

This is the second effort to get a Blue Key chapter here. Not so many years ago a group petitioned and, I believe, were accepted; but they had plenty of points and made a deal where O. D. K. took in most of them, thereby killing the Blue Key movement.

It's a question now of whether we need or could stand Blue Key. Maybe when we succeed in interesting large numbers of students in activities and have a broad field of endeavors and lots of people working to the top, there'll be a need for O. D. K. and Blue Key both; but in the present situation it looks like it would result in continual scrapping, probably ending with mutual extinction.

Factualities

We suppose he doesn't know he doesn't HAVE to entertain more than half an hour after she has fed him.

Looks
BY FLORA GILL at Books

This is apparently a bumper year for first novels. Maggie Mitchell set the thing off, we imagine, with *One Little Time*, and now a young man named Millen Brand is bringing it up to date with a piece called, *The Outward Room*.

Your psychology prof is apt to love you if you read this psychologically-minded work; but even if you don't take psychology, you will want to read it for a couple of reasons. First is the common-garden variety one: the Brand book has been out approximately one week, and has already hung up some too-mathematically-unquotable publication record. (Oh, all the best people are reading it, y'know!)

But much miter arguments in its favor are those that (1) it is one of those comfortable pieces which you must sweep through in an evening without a stop (try to put it down) and (2) you are conscious of reviewing something called art in the bargain. The latter statement is perhaps better amended. While you are reading, you are not conscious of the artistic element; that lies in the fact that you are not aware of it at all until you stop; then you realize that there have been a few indeed, wasted words, and that a profound impression has arisen from them.

The story itself manages to be different. It concerns a patient in a mental hospital, a young girl subject to cyclic insanity since her brother's tragic death, seven years before. In one of her "recovered" periods, she escapes from the monotonous bonds of the institution to New York, where she falls in love. How this accomplishes the regeneration of her mind is, ostensibly, at least, very logically worked out. One learns that Mr. Brand, for his background, really delved into the workings of mental things, generally, and from the obvious understanding of them, he imparts to his tale, one might think him a famous psychologist cloaked under a nom de plume. One, however, is warned that he is truly a very quiet young man whose friends did not suspect of being embroiled in a writing career.

MEDITATIONS

By Winfield Rankin

THURSDAY night the Glee Club, one of the finest groups on the campus, will give its annual Spring Concert-Dance at the Willard Hotel.

Besides this being something the students should be proud to support, the concert and dance offer more entertainment for the price than can be had at any other place in town. First of all, there are several selections chosen from the world's masterpieces rendered by the clubs (women's, men's, and mixed). This, in itself, is worth the price; but last year, at least, it was followed by informal, humorous songs by Dr. Harmon, director, and other alumni, which added greatly to the enjoyment for the evening. Dancing, of course, will complete an evening which should be an outstanding event to all attending.

Among our more than 120 organizations, there is one which keeps bobbing up and down and getting in everybody's hair. It's Rousers, the group which made an auspicious start two years ago, and became the dodo bird of activities last fall, which is again making a noise.

It seems to me the Band can quite well take the place of Rousers, as it did last fall, but it is certain that if Rousers would actually do something, the already heavily-burdened Band would be only too glad to give it the opportunity.

Rousers should either do something and get the credit, or continue to do nothing and gracefully exit from the campus; but it should, by all means, quit cluttering up the place!

Another cooperative movement on foot here besides the one banded about in the political campaign, is one which should interest every student who is living here away from home. That is the housing cooperative, which will provide a rooming house at cost for students.

The idea is, of course, for those interested to get a house and pay the rent, with no profit to be included. There will naturally be a great saving and probably improved housing conditions will be derived.

However, an idea of similar nature which has been mentioned before has not as yet received the consideration of those who might benefit. That is a consumer's cooperative for the organized groups on the campus. This would include the fraternities, one society, and the proposed cooperative house.

With even fair organization, the participating groups should be able

The Campus on SC Powers

Governing Body Should Be Endowed With Judicial and Legislative, as Well as Administrative, Powers, Campus Leaders Answer to Hatchet Questionnaire

The Hatchet feels that the success or failure of extra curricular activities on the George Washington University campus depends upon a clear definition of the function of student government, its powers and responsibilities. To discover what campus leaders think of this problem, The Hatchet last week questioned those leaders. The questions put, and the answers given, follow in this summary by The Staff.—The Editor.

WHAT do you think of our student government? That question was put directly to some 20 representative University men and women in a poll conducted by The Hatchet this week. The results indicate a unanimity of opinion in the belief of the need for a strong student government and that there are sufficient problems in student life to warrant such a governing body.

The Hatchet's Questionnaire

1. Did you read the article in The Hatchet on "What is Meant by Student Government?"
2. Do you believe in a strong student government?
3. Do you think it should be exclusively administrative in nature, or do you think it should have certain legislative and judicial functions also?
4. Do you think the Student Council is the proper body to administer student government?
5. If not, what body is, or what type of body would be?
6. Do you believe we now have student government at G. W. (by this is meant not just a student in name, but an actual governmental system.)
7. Do you believe there are sufficient problems in student life to warrant a strong and efficient student government?
8. Do you believe the Student Council should have specifically defined powers, or do you think it should perform only such duties as may be from time to time delegated to it by the administration?
9. Give your reasons for the above answer.
10. Do you think the present composition of the Student Council (four officers elected at large, plus delegates from each college council and major activity) is a whole-some system?
11. What changes would you recommend?
12. Do you think we need the various college councils?
13. How many constructive acts on the part of these councils can you name?
14. If your answer to #3 is affirmative, do you think their functions could be performed efficiently and adequately by the Student Council, or by a student council composed differently?
15. Have you noticed a tendency of the present system to foster a party system based on personalities and not issues?
16. Would you say the great number of councils, with the resultant large number of offices and political plums contributes to this tendency?
17. Do you think we need a student council?
18. Do you think the council's members waste their time?
19. What would be your recommendations toward a system of government that would function efficiently and beneficially?

That the Student Council should be endowed with certain legislative and judicial functions in addition to its administrative nature was the preponderance of opinion among campus leaders, while the problem of whether the council should have specifically defined powers or should perform only such duties "as may be from time to time delegated to it by the administration" seemed to cause many a brow to furrow and much fence-climbing by the political-minded.

Here are some of the answers:

Bill Rochelle (Student Council president-elect): "I would recommend making college councils optional, also smaller, more efficient and representative. Expressly defined Student Council powers."

Charles Klefer (Men's Independent): "Abolition of college councils. Specification of the powers of the Student Council and the division of the Student Council constitution into duties, functions and by-laws."

Sidney Cross (President, Band): "Two-party system is the best. However, personalities and personal issues should be left entirely out of the picture."

Ethel Nelson (Editor, Cherry Tree): "The Pamphlet Association and the Interfraternity Council might pass laws binding the fraternities and sororities not to line up in elections."

Sam DeWilder (Asst. Director, Glee Club): "Less attention should be paid to periodic reorganizations and more attention to getting something constructive done."

Ted Pierson (Student Union founder, Student Council president, 1934-35): "The essential thing

wrong is not with the council but because the council has no definite job."

Ross Pope (Student Council president): "My recommendation is for a system of government that derives definite powers from the administration, through which it promotes and coordinates all student activities."

Al Hubbard (President, SAE Fraternity): "The Student Council should be composed of students who can devote sufficient time to council duties, preferably day students."

William C. Gausemann (Acting Chairman, Men's Independents): "We need a coordinate and supervisory body for student activities."

Robert Doolan (Union President): "Should set up a general activity calendar and \$1 per year from each student out of University fee should be allocated to the Student Council. It in turn, will allocate the fee to various activities which need it."

Those interviewed answered unanimously "Yes" to Question 2 and opinions on whether the student body was the proper body to administer student government indicated 10 for and 3 against. Two believed that we now have a student government while 9 voted "No" on this question. Thirteen believed that there are sufficient problems in student life to warrant a strong and efficient student government, and one voted "No."

On the question of whether the Student Council should have defined powers, 8 were for such powers, 4 for administrative powers exclusively, and 3 for both.

The vote on the question of the need for a Student Council was 11 for and 2 against. That council members waste their time was the majority opinion as signified by vote of 9 "Yes," 4 "No," and 2 "Yes and No."

Hannah Dialog
Called Clever;
Coggins Natural

By Frank Ford Burnet

In many ways "A Very Lucky Gent," which the Radio Players of Cue and Curtain broadcast last Wednesday, is the cleverest of the three plays broadcast this year. Essentially Miss Hannah's script was one presenting witty dialog and little action; the Players spoke amusing lines, and portrayed characters in humorous situations. But, although the scene was laid at an imaginary race-track, the excitement came from built-up situations, and not from the thrill of racing horses and excited men. The thrill of the "race," in fact, was in the build-up and in the trick finish, and not in the running.

The chief charm of the "Gent," to this hearer at least, was Johnny Coggins' portrayal of Lucky Barnes. Coggins turned in the best-rounded and most convincing character performance of the year. He was dry, sarcastic, and even droll in his way. The part seemed to have been written for him, and if it was, more such combinations should be discovered.

None the less effective, in the chief supporting roles, were Ruth Brewer and Frances Douglas, neither of whom has, to my knowledge, appeared in previous broadcasts. Miss Brewer as Myrtle Wagner was the toughest "hussy" I've heard on the air; and Miss Douglas as Violet Heath was an innocent, wide-eyed, goo-goo girl of the purest water. Charlie McVicker was competent in the role of Artie, while the other minor parts were just that. Credit for careful coaching of the spoken parts goes to Mrs. Douglas Bement, wife of the Players' regular Director.

As a whole, the broadcast was not so well integrated as some of the previous shows done by the Players. The sound effects man apparently could not find but one phonograph record to play—something about "horses"—and he used it to "break" every scene. He did have a sound recording of crowd noises, which was played throughout the show. The incidental effects—Myrtle hitting Lucky with a handbag; men shouting, etc.—were decidedly ineffective.

The Players may, if they like, count this as one of their "fan" letters—requested by them over the air.

defined powers, 8 were for such powers, 4 for administrative powers exclusively, and 3 for both.

The vote on the question of the need for a Student Council was 11 for and 2 against. That council members waste their time was the majority opinion as signified by vote of 9 "Yes," 4 "No," and 2 "Yes and No."

OL' JUDGE ROBBINS

SAY, JUDGE THIS WALRUS-TUSK PIPE IS HARD AS ROCK. THOSE ESKIMOS MUST LIKE TOUGH CARVING.

NOT NECESSARILY, SON. THEY USED WALRUS-TUSK BECAUSE IT MAKES A COOL-SMOKING PIPE.

THEN I CERTAINLY WISH THIS PIPE OF MINE WERE MADE OF WALRUS-TUSK!

SOMETHING TELLS ME YOU'VE NEVER SMOKED PRINCE ALBERT IN THAT BRIAR, SON. HERE.

PRINCE ALBERT IS SPECIALLY TREATED FOR COOL SMOKING. THANKS TO THE 'CRIMP CUT,' IT PACKS AND DRAWS RIGHT—BURNS EVENLY AND SLOWLY.

AND THE 'NO-BITE' PROCESS REMOVES ALL THE HARSHNESS. NATURALLY YOU GET A MILD, SAVORY SMOKE.

JUDGE, PRINCE ALBERT IS ALL YOU SAY—AND THEN SOME!

OUR OFFER

Smoke 20 fragrant pipefuls of Prince Albert. If you don't find it the mellowest, tastiest pipe tobacco you ever smoked, return the packet in it to us at any time within a month from this date, and we will refund full purchase price, plus postage. (Signed) R. J. Reynolds Tobacco Company, Winston-Salem, North Carolina.

50 pipefuls of fragrant tobacco in every 2-oz. tin of Prince Albert

PRINCE ALBERT THE NATIONAL JOY SMOKE

Series of Gay Functions Planned By Fraternities And Sororities For May

Pre-exam Period Brings Last Round of Parties and Dances

Spring Formals, Dinners, and Radio Dances Hold Spotlight

BEFORE finals start to harass the socialites on campus, the various fraternities and sororities have planned an extensive campaign of formals, banquets, and teas for the remainder of May.

Kappa Kappa Gamma will hold a formal dance tonight at the National Women's Club from 10 to 12.

Delta Zeta's spring formal will be held tonight at the Lafayette Hotel from 10 to 12. Jack Benson's orchestra will furnish the music.

Acacia will celebrate its Founder's Day tomorrow evening at the Kennedy Warren, with Ted Pierson officiating as master of ceremonies.

The pledges of Pi Beta Phi will entertain the active members with a goat show tomorrow night.

Kappa Sigma's radio dance is to be held Saturday at the house.

An exchange dinner between Tau Kappa Epsilon and Kappa Delta is to be given Saturday evening.

Zeta Tau Alpha will hold open house in the sorority rooms Saturday from 4 to 6. A radio dance will be held by the sorority Sunday at the Valley Vista Apartments.

Sigma Nu will honor the faculty with a tea Sunday at the house.

Kappa Alpha's spring formal is to be held Tuesday, May 18, at the Kenwood Country Club.

The coeds of Strong Hall presented the Pentecost Cotillion Friday night from 10 to 12.

Sigma Alpha Epsilon, Acacia, and Sigma Nu held their Tri-Fraternity prom at the Indian Springs Country Club last Wednesday evening.

Pi Mu exchanged dinner with Tau Kappa Epsilon Friday. A radio dance brought the evening to a close.

Sigma Phi Epsilon entertained Sunday with a radio dance at the house.

Delta Zeta entertained at a Mother's Tea Sunday afternoon. Following the tea the pledges gave a radio party in the rooms.

Delta Tau Delta members enjoyed a trip to White Mountain Sunday afternoon.

Sigma Nu entertained the mothers of its members Sunday with dinner at the house.

Alpha Delta Pi held their spring formal at the Army and Navy Country Club last night to the tunes of Tommy Suiter and his orchestra.

Three Sororities Elect Officers For Next Year

Three sororities have elected officers recently for 1937-38.

Newly installed officers of Phi Beta Phi are: Marie Joroleman, president; Jane Saegmuller, vice president; Mary Shelton, corresponding secretary; Mary Francis Merz, recording secretary, and Virginia Tehas, treasurer.

Sue Slater will head Chi Omega as president for the coming year. Newly elected officers are as follows: Betty Emerson, vice president; Helen Baldwin, secretary; Justina Brown, treasurer; Letta Hatchett, pledge mistress, and Martha Schoenfeld, herald.

Estelle Weinstein was elected president of Phi Sigma Sigma at a recent meeting. Other officers are: Sylvia Cohen, vice-president; Naomi Biron, recording secretary; Carol Fox, corresponding secretary, and Cynthia Michaelson, treasurer.

The new officers of Zeta Tau Alpha are: Geraldine Dillman, president; Audrey McCuen, vice-president; Frances Nettleton, secretary; Jane Coulter, treasurer; Elizabeth Peabody, historian, and Jane Bennett, guard.

Horse Show To Be Held On May 22

Two Silver Trophies Will Be Awarded to Point Winners in 8 Classes

The annual horse show of the University is scheduled for May 22 at the Meadowbrook show grounds in Rock Creek Park. Meadowbrook is one of the outstanding show places in and near Washington. The Inter-American Horse Show was held there last year and recently it was the scene of the Washington Horse Show.

Entries close May 20 and are open to all registered University students upon payment of a fee. Students from other schools have also been invited to participate. All riders must furnish their own mounts.

Eight classes, the first of which will begin at 1:30 p.m., have been listed. They are as follows: (1) Beginners hack, open to all University students; (2) advanced hack, open to all University students; (3) open hack class, all entries may participate; (4) W. A. A. hack class, open only to women scholastically eligible at this University; (5) Jumper class, open only to University students, jumps not to exceed 3 feet in height and 4 feet in width; (6) open jumpers class, open to all entries; (7) student hack pairs, open to all entries; (8) pair of jumpers, open to all entries, not to exceed 4 feet in height and 6 feet in width.

Two silver trophies, contributed by the Army and Navy Trading Co., will be awarded. One will be given to the G. W. student receiving the highest number of points as a result of competition in classes 2, 5, 7, and 8, the other to the entry from an outside school receiving the highest number of points as a result of competition in classes 3, 6, 7, and 8.

Major Frank L. Whittaker, director of the Washington Horse Show and a judge of the Inter-American show last year has been chosen as one of the judges. The other will be an officer from Fort Myer.

Delphi Initiates Nineteen May 4

Delphi, women's intersorority activities group, held initiation of 19 women May 4 at the Wardman Park Hotel. The initiation was followed by a banquet and dance.

The new members are Sue Slater and Betty Emerson of Chi Omega; Mary Gloria Morrison and Elizabeth Griswold of Kappa Delta; Carolyn Watson and Ruth Leavitt of Alpha Delta Pi; Barbara Harmon and Alice Bailey of Sigma Kappa; Dorothy Garibaldi and Mary Martin of Phi Mu; Marie Joroleman and Jane Saegmuller of Pi Beta Phi; Eleanor Livingston and Mary Jane Livingston of Delta Zeta; Audrey McCuen and Geraldine Dillman of Zeta Tau Alpha; Kathleen Bulow of Kappa Kappa Gamma; Mildred Veiling of Alpha Delta Theta; and Ruth Ashburn of Beta Phi Alpha.

There will be a meeting of Delphi tomorrow at 8 p.m. in the Chi Omega rooms.

Fraternity Reunion Initiates Announced

Phi Alpha held their annual George Washington-Georgetown reunion last week-end with a formal dinner dance at the Shoreham Hotel Saturday evening. Dean Elmer L. Kayser was guest of honor.

On the following evening, an informal supper dance was held at the Maryland Club Gardens at which seven new initiates were announced. The new members are Harold Levy, Bertram Master, Bernard Levine, Melvin Leder, Lester Blumenthal, Benjamin Levine and Jack Rubin.

To Hold Tenth Annual Concert At Willard Hotel Thursday

Pictured above is the entire University Glee Club, which will present its tenth annual concert next Thursday at the Willard Hotel. The Glee Club, under the direction of Dr. Robert Harmon, will render a program featuring both the women's and men's sections. Leon Brusiloff and his concert orchestra will assist in several numbers, and his dance orchestra will render music for the dancing which will follow.

Net Tournaments Monopolize Intramurals

Four Tennis Tournaments Scheduled for the Rest of Year

Four tennis tournaments are scheduled for the remainder of the school year, one already in its final round. In the open singles tournament, Alison Claffin, who defeated Agnes Shapler 6-0, 6-1, will meet Virginia Moore, victor over Eleanor Pugh 7-5, 4-6, 6-1, to determine the championship.

The first round of the open doubles tournament must be played by next Monday and the second during the following week, according to Alison Claffin, tennis manager. Entrants are: Nancy Nimitz and Alison Claffin; Irma Cannon and Jane Castell; Virginia Moore and Kay Stinnett; Eleanor Pugh and Nancy Goldsmith; Agnes Shapler and Kitty Miles; and Kitty Black and Eleanor Reinhart. The champions of this tournament will receive individual silver cups and their names will be engraved on a large cup presented by the Columbian Women.

Class teams have been announced and matches in this division will be played this week and next. The first round is scheduled through May 11, the second through May 14 and the third through May 18.

Lerch Installed Head Of Phi Delta Gamma

Miss Sara Lerch was recently installed as president of Phi Delta Gamma, graduate women's sorority, at the home of Mrs. John E. Graf. Other officers who were installed are: Miss Helen Fadden, vice-president; Miss Edna Mitchell, corresponding secretary; Miss Clara Hillier, recording secretary; Miss Mary Henderson, treasurer; Miss Florence Fritz, registrar; Miss Frances Carnes, historian; Miss Frances Harlan, editor, and Mrs. Arletta Ahrens, program chairman.

Mrs. Graf entertained the chapter with a tea. After the installation ceremony Miss Elizabeth Cates gave a short musical program. Guests of honor were the officers of Columbian women.

Matches not played by these dates will be automatically forfeited. Members of class teams, in order of their seeding are: senior, Agnes Shapler, Kitty Black, Eleanor Reinhart, Irma Cannon and Madge Loewin; junior, Alison Claffin, Eleanor Pugh, Kay Stinnett, Nancy Ansell and Nancy Goldsmith; sophomore, Kitty Miles, Jane Castell, Mary Armstrong, Ruth McMillan and Betty Barnard; freshman, Virginia Moore, Mary Christenson, Annette Mulligan, Betty Whipple and Ann Galtner.

Odd-even teams, one chosen from members of the freshman and junior classes, the other from sophomores and seniors, will be selected by May 21. Following their matches, the honorary varsity team will be chosen from those participating.

3 Engagements And 2 Weddings Are Announced

Wedding veils prevail—as two marriages and three engagements sail into the University harbor. Maude Hudson and William F. Dismer Jr. were married April 21. Both the bride and groom are graduates of the University. Mrs. Dismer is a member of Pi Beta Phi and Dismer of Kappa Alpha.

Eloise Thomas of Chi Omega was married April 30 to Clarence Young at the Army and Navy Country Club.

The engagement of Helen Hodgkins and John Matter has been announced. Miss Hodgkins is a graduate of George Washington and is a member of Pi Beta Phi. Matter is at present a student in the Law School.

Sally Balbach and Samuel Hill have announced their engagement. Hill is a graduate of George Washington and a member of Kappa Sigma.

The engagement of Mary Louise Heavey to Lieut. Charles Dudley Hartman was announced at a tea dance Saturday. Miss Heavey is at present attending the University.

Intra-mural Board Honors Participants

Margaret Davis, Hatchet Editor, Is Principal Speaker

THE Intra-mural Board held its luncheon Saturday at the Highlands in honor of all the participants in intra-murals this past year. Margaret Davis, editor of The Hatchet, was principal speaker and Rosalind Lovell, toastmistress.

The program consisted of several songs by Joyce Hitch, a monologue by Thelma Pickett, a duet sung by Mimi and Janice Norton, and popular songs by Theda Wonders. "Publicity in The Hatchet for Intra-murals" was the subject of Margaret Davis' talk.

Awarding of letters to the following girls brought the program to a close: volley ball: Ann Larrett, Della Hatchett, Ruth Keeler, and Virginia Siebecker; pingpong: Jane Edmonston, Marie Joroleman, and Rita Van Oeson; bowling: Emily Bailey, Winifred Criss, and Theda Wonders; badminton: Sally Anderson, Doris Bitzing, Jane Bennett, Betty Corkhill, Carol Fox, and Agnes Shapler.

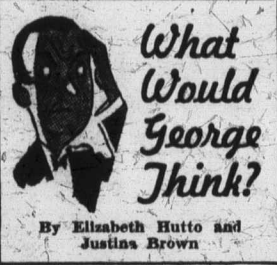

Betty Griswold received honorable mention in pingpong and badminton.

You're Invited to a Graduation Fashion Show

Saturday Morning—May 15th
At 11:30—Little Theater—7th Floor

Collected and paraded, just for you! See the new street-length graduation dresses—longer gowns you'll wear for proms, graduation and all those Summer dances!

JELLEFF
1214-1220 F STREET

What Would George Think?

By Elizabeth Hutto and Justina Brown

We are wondering... Why Betty Griswold and Don Rush developed a bad case of cold feet en route to Rockville, with serious intentions, and encouraged by Cupid Gatewood.

Green Light Note

Betsey Yates was initiated into Kappa Delta Saturday. We wonder if the K D's have finally seen the light.

We also wonder... What significance there is in the fact that the Deltas just pledged a fellow that works at St. Elizabeth's. (Pardon us. We're so dumb.)

Why Bill Edmonston is having Brown spots before his eyes. The Pi Phi's know the answer to this one.

Pants in Puerto Rico

Everybody knows Bill Rochelle lost his pants in Puerto Rico. But only Bill knows where they were found, and Bill won't tell.

"Stew" Johnston is sore over the episode of last week when Woody Thomas and Sandy McClellan took him home before taking his date, Hazel Tips, back to Strong Hall. It looks as though the boys have followed an unknown leader by joining the ranks along with George Haskell, Mack Rhodes, Bob Conkey, John Newman, Monroe Williamson and Jimmie Speer. If any deserving names have been omitted, please tear off the top of a Package, convertible, write your name on it, and send it to Dorothy Dix.

Incidentally, Stew should open his eyes to the fact that Ed Prater and others have seen his high school flame, Sylvia Wilkerson, and are giving him hot competition.

Kappa Diary

A lot of people would enjoy a look-in at the Kappa Diary. Among their carefully guarded secrets, we will now disclose one item: two Kappas are vying for the affection of that hard-to-get Pi Sig, Roger Power. Hope we aren't stealing Ruthie Brewer's stuff. Maybe that Diary was the source of some of her choice bits of scandal.

Boys can expect a lot of competition and the A. D. Pi's a big rush at their Spring Formal.

Graduating Economists Are Entertained at Tea

The graduating class in home economics was entertained at a tea Sunday given by Miss Frances Kirkpatrick and Miss Katherine Towne in their apartment at the Keystone.

EN GARDE!

Presenting Joana de Tuscan—ideal American Girl
Athlete—talented, attractive, fond of dancing, and
WOMEN'S FENCING CHAMPION OF THE U.S.

SCHOLARSHIP MAN. "The toughest part of studying is sticking to it hour after hour," says James Dean, '38. "I've learned that smoking Camels helps ease the nervous tension of study."

A THROTTLE MAN of the 20th Century Limited. Chas. J. Chase says: "I don't take chances with my nerves. I smoke Camels—smoke 'em all I have a mind to. Camel's mild flavor just hits the spot!"

Today the sport of fencing puts much the same value on healthy nerves as did the deadly duels of long ago

IN Joana de Tuscan's own words: "A person who twitched or didn't have nerve control would never stand out in fencing. My No. 1 reason for choosing Camels is—they never jangle my nerves. I enjoy smoking Camels as often as I please. It's Camels for me always for digestion's sake and when I feel I need a lift. They're so unusually mild and never make my throat harsh or rough."

HE BROKE the world's indoor 440-yd. dash record twice in one day. Ray Ellinwood—sensational U. of Chicago quarter-miler—prefers Camels. "I find that Camels opened the door to smoking pleasure," he says.

WRESTLING ACE, Joe Green, absorbs plenty of punishment. "A long training grind strains nerves," says Joe. "I enjoy Camels often—they never jangle my nerves. When I'm tired after a bout, a Camel gives me a real 'lift' in energy."

"JACK OAKIE'S COLLEGE"

Jack Oakie runs the "college"! Catchy music by Benny Goodman and George Stoll! Hollywood comedians! Judy Garland sings! So join Jack Oakie's College. Tuesdays—8:30 p.m. E.S.T. (9:30 p.m. E.D.S.T.), 7:30 p.m. C.S.T., 6:30 p.m. M.S.T., 5:30 p.m. P.S.T., over WABC-Columbia Network.

COSTLIER TOBACCOS

Camels are made from finer, MORE EXPENSIVE TOBACCOS... Turkish and Domestic... than any other popular brand.

CAMELS NEVER GET ON YOUR NERVES

FINAL EXAMINATION SCHEDULE

May 28-June 5, 1937

The class schedule is suspended during the examination period. Examinations will be two hours in length. Books and scratch papers may not be taken into the examination room unless authorized by the instructor in charge.

Third group courses are not included. Courses in Law, Medicine and Pharmacy will be arranged by each school involved. Conflicts which cannot be adjusted with the instructor, and errors should be reported to the Registrar.

2 Instructors Write Articles For Year Book

Prof. Burns, Dr. Watson Contribute Material to Municipal Annual

Prof. Arthur E. Burns and Dr. Donald S. Watson, both of the economics department, were among the contributors to the Municipal Year Book, the 1937 edition of which has just appeared. The Municipal Year Book is published by the International City Managers' Association for the purpose of collecting and disseminating data concerning social and economic problems confronting municipal governments.

In addition, the Year Book contains analytical studies of the major trends in local government. C. A. Dykstra, until recently city manager of Cincinnati and now president of the University of Wisconsin, was author of the leading article, others of which were written by the foremost authorities on municipal government, including Professor A. E. Buck of Yale University, Professor S. E. Leland of the University of Chicago.

The articles of Professors Burns and Watson were part of a general section in the Municipal Year Book, "The Financing of Relief and Recovery." This section treats a wholly new field, namely, the economic and financial relations between the Federal Government and the cities.

Professor Burns' article dealt with the relationships between the Federal Government, the States, and the cities arising under the Federal Emergency Relief Administration, while Dr. Watson's handled the beginning of federal aid to the States and cities through the Reconstruction Finance Corporation. The articles of Professors Burns and Dr. Watson, together with the others comprising the section on "The Financing of Relief and Recovery" will be issued shortly as a separate volume.

Kotler and Derr In Chess Finals

After defeating Samuel Katz in the chess semifinals, Charles Kotler met George Derr in the finals last week and lost the first game after almost two hours of play.

The second game was well under way at midnight when the contestants were forced to leave the building, due to school regulations.

The winner of the best two out of three games will become president of the club for next year and will also receive a silver trophy from President Cloyd H. Marvin.

American Epic Repeated for High School Girls

To the left is pictured Barbara Feiker, executing a difficult dance depicting "Youth" in the May Day presentation of "The American Epic" before 100 visiting high school seniors. Above are other members of Orchestis, women's dance group, representing old age. In the finale, Youth meets Old Age and emerges triumphant, climaxing a portrayal of several acts which were given as a satire on the American Scene.

Staffs Form Relief Group

A Fund Will Go to Near Kin of Deceased When a Member Dies

Members of the staff of the University, including persons on the teaching, administrative, clerical, and custodial forces, have formed an immediate Relief Association, similar to that which functions in the District of Columbia Public School system. Immediately upon the occurrence of a death in the membership, each member will pay an assessment of designated amount to form a fund which goes to the nearest kin of the deceased. If, for instance, 300 members join the Association, an assessment of \$1 will provide a fund of \$300.

Officers of the association are: President, Provost, William R. Ruggles; vice-president, Prof. Lowell Ragatz; secretary-treasurer, Registrar E. Nessel; executive committee, the officers, ex-officio, and Jack Jones, of the custodial staff; Maude O'Flaherty, of the clerical staff; and Prof. George M. Churchill and Prof. Donnell Brooks Young of the teaching staff.

Edwin A. Schmitt Chosen to Head Engineer Alumni

Edwin A. Schmitt, B.S. in C. E. '34, was elected president of the Engineering Alumni Association for the coming year and was among the 42 members present at the dinner meeting which was held last Tuesday night at Sholl's Cafeteria.

The other newly elected officers for the coming year are vice president, Otis T. Turner, B.S. in M. E. '32; secretary-treasurer, James F. Fox, B.S. in M. E. '29; and corresponding secretary, Thomas A. O'Halloran, B.S. in E. E. '35.

Members elected to serve on the executive committee were Benjamin C. Cruickshanks, B.S. in M. E. '20; H. Velpeau Darling, B.S. in C. E. '33; and William J. Ellenberger, B.S. in E. E. '30, B.S. in M. E. '34.

Cue & Curtain

(Continued from Page 1)

By the Very Rev. Wesley Cartwright, a pious clergyman temporarily without employment, played by Charles Grunwell.

The elements of mystery, a gang of unscrupulous criminals, a kidnapped child, and a determined New England spinster, will be successfully happily untangled at the Wardman Park Theater Friday and Saturday nights.

Intricate Set Used

The set for the play has been designed by Joe Rubenstein, and will be one of the most intricate ever attempted by the Club. It is laid in an old New England homestead. The respectable atmosphere is created through lavish use of early American antiques. Sound effects have a large part in this play, and a wide range of baby cries will be produced by a crew of five husky lads.

The complete cast is as follows: Emily Madison, Betsy Yates; May Preble, Elizabeth Green; George Preble, Merrill Hansen; Dr. Spender, Harold Minor; Wesley Cartwright, Charles Grunwell; "The Girl," Mimi Norton; Malt, Joe Brennan; Virgil, Bemis; Elwood Jarlman; Mrs. Cashier, Frances Humphrey; Mrs. Canby, Marjorie Beall; Jecky Cashier, Maureen Stewart; Bill, Don Wilbur; and Celia, Ann Ward.

Tickets are on sale at the Cue and Curtain office adjoining the Student Club.

A game of names contest is being sponsored by Cue and Curtain in conjunction with "Post Road." Six cartoons representing the names of six campus figures will be buried among the usual cryptic symbols on exhibit in the Student Club beginning today, and the two students who are skillful enough to figure them out first will receive two tickets to the performance of Post Road.

The deadline will be Friday at 12:30.

Rules:

1. Names of the pictures are names of prominent campus personalities.

2. Members of Cue and Curtain are not eligible.

3. Answers must be turned in at the Cue and Curtain desk by 10 o'clock Friday, May 14. Winners will be posted on the Board in the Student Club by noon of the same day.

4. The prizes will be two tickets each to the first two to submit the correct answers.

5. All entries must be written in ink or typewritten on white paper, numbered in correct sequence.

The College Student—His Ideas, His Life At Random

By Frank Ford Burnet

Collegiana!

Herein are classified at random those things relating to the college student, his thoughts, if any, his actions, his environment, and in fact everything which makes the college student different from homo sapiens in general.

In the first place, the college student is above the average just by being what he is. For the median education for the United States—"best educated" country on earth—is completion of grammar school.

That's a good starter. But look sharp, men:

"It's a woman's world," says Prof. R. L. Sackett of the University of Mississippi. "A successful man," he defined, "is one who can earn more than his wife can spend, and a successful woman is one who can spend more than her husband can make."

Which probably wouldn't be of great interest to students at the University of Georgia for student marriages are verboten there. Something like "no dog, no moustache, no wife" rule of the Military Academy. Probably just an idea for encouraging domesticity.

And for domesticity, do you like to throw eggs? Then go to Rensselaer Polytechnic Institute, Troy, N. Y., where an egg fight marks the annual freshman banquet—or at least marks the attendants thereof.

And speaking of eggs, the University of California has another sample of "prehistoric" hen fruit, and its paleontology experts are now worrying about "what kind of a bird laid it and when." Restaurant patrons will await their finding with interest.

Wellesley College, girls' haven, reports the percentage of students who smoke has jumped from 53 to 70. Just as you'd expect, the maids reported "curiosity" as the leading reason. "Pleasure" came at the bottom of a long list. Feminine logic?

About the only other development is in the board of education field, where a learned judge in Frederick, Md. held that corporal punishment (padding) is still legal.

Keep your eye on President Marvin and the big stick.

Marvin Will Address Panhellenic Luncheon

President Marvin will be the guest speaker at Panhellenic's Annual Scholarship Luncheon, Saturday, at Wesley Hall. The luncheon is given each year for the junior and senior delegates to the Panhellenic Council and for the highest pledge and active, scholastically speaking, from each sorority.

A cup will be presented to the sorority which has maintained the highest scholastic average during the year.

Golf Tournament

The highlight of the spring women's golf season will be a handicap tournament to be played on course G (East Potomac Park) on or before May 19.

Women Journalists Meet

Gammata Eta Zeta will hold pledging ceremonies at 7:10 Wednesday evening in the A. D. Pi rooms.

Glee Club

(Continued from Page 1)

the first selection. The chorus will then sing "Lo! a Voice to Heaven Sounding" by Bortnianski, which has proven a particular favorite with Glee Club audiences throughout the past year. The ever-popular "Pilgrim's Chorus" from Tannhauser, Sextet from "Lucia di Lammermoor" by Donizetti, and Rubenstein's "Kamenoi Ostrov" will close the program.

The clubs will be accompanied in several of the final selections by Leon Brusloff's concert orchestra, and his dance orchestra will play for dancing in the Willard ball room after the concert. The clubs will be accompanied on the piano by Vance Shiffert.

A special feature of the dance will be the tapping, during the intermission, of seven outstanding junior men by Steel Gauntlet, local junior activities honorary fraternity.

Shortly after the concert, Student Manager Dan Andersen explained Sunday, rehearsals would begin. Andersen said his quota of 200 voices, 50 in each part, had not been filled yet. This was the group named by Dr. Hans Kinder, conductor of the National Symphony Orchestra, when he invited the George Washington glee club to sing Beethoven's master choral and orchestral composition with the National Symphony Orchestra in Constitution Hall next December.

Stratton Wins 3rd Prize In Story Contest

Gertrude Samuels Gets Top Honorable Mention Award

"If You Love Me," by Constance Stratton, has been awarded third prize, and "Gunpowder, Treason, and Plot," by Gertrude Samuels, honorable mention, in the short contest held last month by "Story" magazine.

Announcement of the awards in the contest, the fourth of the annual nationwide contests sponsored by "Story," to discover and recognize creative writing ability in college students, was contained in a letter to Prof. Douglas Bement from Whit Burnett, editor of the magazine.

Stratton-Samuels Entries Selected

The stories by Miss Stratton and Miss Samuels were selected for entry from this University after an elimination contest judged by a faculty committee last month. Miss Stratton is in the short story class, and Miss Samuels in the creative writing class, both conducted by Professor Bement.

Notice of the contest is given each fall, and only two stories may be entered from each college. Stories were entered this year from more than 350 colleges and universities.

WASHINGTON, TUESDAY, MAY 11, 1937

Thirty-two Entrants Now Competing in the Intramural Horseshoe Pitching Tournament.

Colonials Win Fourth, Fifth in Row from W. Va.

Mountaineers Bow Twice to Buff; Lanier Strikes Out Thirteen In Rout

Johnson Leads Sluggers in Sweep of Two Game Series

DEFEATING West Virginia's Mountaineers in two straight games in as many days, the fast-stepping Colonial baseball team extended its winning streak to five games in a row. After completely outclassing the Mountaineers in the first contest Friday, winning 10-4, the Buff nine was pressed to win the finale of the series at Griffith Stadium Saturday. Indeed, the issue was in doubt until the last half of the ninth when the Morris-men shoved over the winning marker to win, 7-6.

After losing two scoring opportunities in the second inning by some sloppy base running between third and home, the Colonials cut loose in the third and piled up six runs, threatening to make a run-away of the contest. Zelaska opened the big inning by singling to right, and after Berg had duplicated his feat, up strode "Lefty" Johnson, the team's leading slugger. After spilling a couple of good ones, Johnson saw one coming that he really liked and sent a terrific smash over the Mountaineers' center fielder, for a home run inside the park, the ball rolling all the way to the center field corner of Mr. Griffith's ball yard.

Following this, Edmonston walked, stole second, and scored on Stapleton's single to center. Stapleton stole second and, after Williams' walk, the pair promptly pulled a double steal, putting them in position to score on Brennan's single.

Mountaineers Score Four. West Virginia bounced right back in their half of the fourth to put themselves back in the ball game, crossing the plate four times. Barna opened the inning with an innocent pass. Scall singled him to third and scored the first run for the Mountaineers when Cropp also singled. Everybody seemed to be doing it, so Carpenter singled to fill the bases, and Nightingale did likewise, scoring Scall. The final hit of the inning was Cocks' one-baser which sent Carpenter over with the fourth run of the inning. After this, De Angelis tightened up and retired the side with the bases still jammed.

Still another single and a double in the seventh gave the Mountaineers their fifth run and they tied up the game in the eighth off Kushman, who relieved De Angelis. In the box, on Berg's error and Cocks' double.

Then came the ninth. "Lefty" popped a single with two out and stole second. It was the sixth stolen base of the game for the Colonials, by the way. De Angelis, having only one out of four at this point in the game, upped his "BA" by driving across Johnson with a hard smash into left field. Vinny might have been able to make second on the hit, but there was no need, as the game was over.

First Game Different. Entirely different was the first game of the series. Bill Lanier set the Mountaineers down with six hits while the Colonials were pounding out thirteen, for a lop-sided 10-4 win. Lanier was easily the star of the contest, striking out 13 in addition to getting hit in three trips to the plate.

Zelaska, however, was the real stick slayer, hitting in three runs with a double and two singles. Vinnie De Angelis and Bob Williams each got two hits, while Joe (Cue and Curtin) Brennan drove in two runs with his only hit, a triple.

Baseball Schedule

May 12—Delaware, away.
14—Mt. St. Mary, here.
17—Mt. St. Mary, away.
22—Washington College, away.

Yearlings Win First Match

THE Frosh tennis squad, after a discouraging start, picked up steam to take the first win in four starts to lick the Wilson High School, 4-3, last Tuesday. The Freshmen have had the misfortune, in matches previous to the President's match, to have to default the doubles match because of five o'clock classes. Time worked favorably for the Freshmen this time, however, and the doubles were played.

The old of Father Time was the deciding factor, giving the young Colonials the necessary margin for victory. Captain Elwood Davis, Bill Weaver, and Frank Mann were victorious in the singles. The combination of Davis and Weaver won the only doubles match of the group. Theirs was the only match completed.

The match scheduled with McKinley Tech in the middle of last week was forfeited by Tech. Thus far, the Frosh squad has won two matches and lost three. Rapidly getting into condition the yearlings should achieve happier results in its forthcoming title.

Rookies Roughing It

Envisioned are two green ones practicing before a practice game. The lad on the left, sailing into third (we think it's third, anyway), is Allen Rothenberg. The "they shall not pass" guy on the right is Milton Zenowitz.

Shoe Tossers Get Under Way; 32 Competing

PLAY in the intramural horseshoe pitching tournament is now under way with 32 entrants competing. Like the recent ping-pong tournament, a large number of the entrants comprise the better-known athletes of the various varsity sports. The matches are scheduled to be played every day at 12:30 noon and the schedule and first round pairing is posted on the bulletin board in the gym. The qualifying, or first round is due to be completed as soon as possible.

The rest of the schedule is due to be played off in quick succession as the quarter final round must be played by next Thursday; the semi-finals by May 19 and the finals are scheduled for Saturday, May 22.

Tommy O'Brien is one of the dark horses entered and may soon be established as the favorite as he has won his first two matches already. If he can defeat his opponent in the semi-finals, he will be one of the finalists with an excellent chance of walking off with the championship.

Intramuralists Near Finals

Handball Tournament Rapidly Moving Toward Completion

THE four-wall handball tournament is rapidly moving toward completion as all the early round matches have been played and all but one of the quarter-finals are completed. The earlier rounds were marked with several forfeitures and one-sided victories, but as the better players emerged victorious, the competitions became quite stiff.

The victorious second round handballers were Englehardt, Adler, Kelly, Ambler, Thacker, Weitzen, Levine and Weiden. These players, paired against each other in the quarter-finals have been cut down to Ambler, Thacker, and Levine; the Englehardt-Adler match being unplayed as yet. Ambler had some difficulty in disposing of Kelly, 21-15, 19-21, 21-12. Thacker breezed through Weitzen 21-6, 21-2, while Jack Levine won over Charles Weiden in two close games, 21-16, 21-16.

The winner of the Englehardt-Adler match will play Ambler, while Thacker will tangle with Levine to determine who will be the two finalists. The semi-final matches will probably be finished by today as the finals are scheduled to be played today at 12 noon at the "Y."

Things and Stuff—Mostly Stuff

By the Staff

Delta Tau-Delta came up with their second forfeit of the Interfraternity season Sunday. . . choosing to take a trip to Skyline Drive . . . and paying a \$5 fine . . . rather than playing their scheduled game with Theta Upsilon Omega. Joe Brennan, who plays left field for the Colonials, has taken up dramatics . . . and now has one of the roles in the forthcoming Cue and Curtin production, "Post Road" . . . It should be worth seeing.

Attendance at the ball game Saturday was something to be deplored . . . what with an actual count showing the attendance to be not more than 45 at any stage during the hostilities. . . For the benefit of the 7,000 students who didn't see the game, they missed a swell contest . . . with De Angelis, after being taken out of the box and placed in the outfield, winning the game with a single in the last half of the ninth.

Lawyers Beat Engineers, 17-6

Rain Washes Out Game Between Pharmacy and Junior College

OLD Jupe Pluvius did his worst for the better part of Saturday morning, and although Sol took command of the rest of the day in fine style, the playing field remained in such a condition as to force a postponement of the Junior College-Pharmacy intramural baseball game. The game was scheduled for 1 o'clock at the South Ellipse, but when 3 o'clock rolled around, the field was much improved, thanks to Sol, and the Law School-Engineer game was played. The lawyers used the Engineers as just another stepping stone in their march toward the intramural championship, winning their fifth consecutive game, 17-6, in seven innings.

The Junior College-Pharmacy tilt will be played sometime during the week, and Junior College must win to insure a mathematical chance of a tie for first place. With only two more games remaining, another win for Law School would clinch the title, as Junior College has already dropped two games.

Barriers Sling Ball

There is an old saying that "actions speak louder than words" and the barriers were sure eloquent with the bludgeon, rapping Moty Gertler for many base hits. Eduardo Alfaro leading with three hits, one of which was a long triple. The lawyers took advantage of several free tickets to first base by a generous Engineer pitcher, together with several errors that the losers managed to "engineer" in the field to pile up the highest score of the current season. They went to town in the sixth inning, driving in eight runs, the greater part of which was due to Engineer errors.

Gertler and Weizen handled the battery assignment for the losers, while the winners used Kelley, Smith, Packett on the mound and Jack Ambory behind the plate.

Next week the Pharmacists will try to stop the fast-stepping Law School team at 1 o'clock at the South Ellipse, while Junior College will try to sink the Engineers on the same diamond at 3 p.m.

League standings to date are as follows:
Team W L
Law School 5 0
Junior College 2 2
Pharmacy 1 3
Engineers 1 4
Will play their game this week.

Riders Will Get Instruction

The Riding Club will hold its regular meeting tomorrow evening at 8 p.m. in D-3. Major Roffe will speak on "The Technic of Showing."

P.S.K., T.U.O. Head Greek Leagues

Finalist Last Year to Meet Again Sunday for Championship

PHI SIGMA KAPPA, last year's Interfraternity baseball champions, and Theta Upsilon Omega, league A winners last year, assured themselves of another meeting this year as both teams kept their 137 record untarnished Sunday. In the final round of league play, Phi Sigma Kappa decisively trounced Theta Delta Chi, 12-2, and Theta Upsilon Omega was awarded a forfeit victory over the Delta Tau Delta team.

Sigma Alpha Epsilon took a second place in League A by swamping Sigma Phi Epsilon, 15-1. Heretofore, the two teams were tied for the second place spot. Sigma Chi won its second game of the year in the other League A game, nosing out Tau Kappa Epsilon, 10-7. In other League B encounters, Sigma Nu was shut out by Kappa Alpha, 15-0, and Acacia defeated Kappa Sigma, 8-7.

Stelman Stars

Phi Sigma Kappa unseated another swell pitcher for the Theta Deltas in the person of Vernon "Lefty" Stelman, the Phi Sig usual first-baseman. His southpaw slants held the Theta Delta batsmen to two hits, one of which came in the last inning and resulted in the only run scored against him when the Phi Sigs had a momentary fielding lapse, coming up with two errors to permit a single to turn in one run.

Sigma Alpha Epsilon clinched second place honors in League A by swamping the Sigma Phi Epsilon team to the tune of 18-1. Nell Stull held the losers to two scattered hits and set down several batters via the strike-out route. Kelley of S. A. E. walked a home run, while Earl Gee got a triple for one of the two hits the losers managed to get off of the S. A. E. southpaw. The winners herded a cluster of nine runs across the plate in the fourth inning, all coming after two were out. Their 11 hits mixed in, with several walks and S. P. E. errors, accounted for the 18 runs.

Sigma Chi Escapes Collar

In the other League A game, Sigma Chi erased the possibility of a tie for the cellar championship by soundly whipping T. K. E. 10-7. The game was not as close as the score indicated as the Sigma Chi team had a 10-1 lead going into the final inning. Tom Dobson put down a T. K. E. last inning rally after six runs had scored. The winners spanked out a total of eight hits, while the losers were getting only five. The feature hit of the game was a four-base clout by a Teko, Carl Smith.

Jack Bellin held the Sigma Nu sluggers to two hits, as his mates pounded out 14 to win in the most lop-sided game of the day. Fred Hall smashed out a home run for the victorious Kappa Alpha team.

Acacia won its second game of the series when it nosed out Kappa Sigma, 8-7. Davis did the hurt-

Varsity Netmen Lose Twice On Road

Catawba, Westover Country Club Take Measure of Colonials

THE combination of strange courts and a long trip without rest contributed to a disappointing southern tour of the tennis team—a trip that was disappointing in the sense of the won and lost record.

Last Friday, facing Catawba at Salisbury, N. C., the local racquet wielders were placed at the short end of a 6-3 score in singles and 3-0 in doubles.

Stolar, Braisted, and Faris were the only ones victorious for the Buff. Number two man Stolar defeated Goodman in straight sets, 6-1, 8-6. Braisted took Wallace, 6-3, 6-4, and Faris won his match also in straight sets, 6-4, 6-1, defeating Walmsley.

Pawson Beats Surine

Surine, who plays the number one position on the team, lost to Pawson of Catawba in the longest match of the group, 8-1, 2-6, 6-4. The first doubles set—an excellent round—saw Goodman and Walmsley being stretched to the utmost to defeat Faris and Braisted, 6-4, 3-6 and 11-9.

The next day, Saturday, the local white trousersed lads invaded Westover Country Club of Norfolk, Va., but were repulsed 8-1 in the singles. Surine, still smarting from the defeat at the hands of the same Catawban who he had previously beaten, took the only match for the Colonials, downing his opponent 4-5, 7-5, 2-1. At this point his opponent defaulted the set. Though this defeat looks bad on the surface, it must be remembered that the Westover squad is composed of older men, who have had many more years of experience.

ing for Acacia, and Carey did the mound work for the Kappa Sigs. Final standings in the interfraternity leagues are as follows:

| League A | | |
|---------------------|---|---|
| Team | W | L |
| Theta Upsilon Omega | 5 | 0 |
| Sigma Alpha Epsilon | 4 | 1 |
| Sigma Phi Epsilon | 3 | 2 |
| Sigma Chi | 2 | 3 |
| Delta Tau Delta | 1 | 4 |
| Tau Kappa Epsilon | 0 | 5 |

| League B | | |
|--|---|---|
| Team | W | L |
| Phi Sigma Kappa | 5 | 0 |
| Kappa Alpha | 4 | 1 |
| Acacia | 2 | 2 |
| Sigma Nu | 2 | 3 |
| Kappa Sigma | 2 | 3 |
| Theta Delta Chi | 0 | 4 |
| Acacia-Theta Delta Chi game as yet unplayed. | | |

On The Silver Screen

EARLE

"The Prince and the Pauper," Warner Bros. production and the first talking film version of Mark Twain's well-loved adventure romance, comes to the Rialto Theater Friday, May 14th.

Billy and Bobby Mauch play the title roles and handsome Errol Flynn is the swashbuckling young swordsman who sees that it is the Prince—and not the Pauper—who is crowned King of England. To do so, he has to overcome the opposition of the scheming Earl of Bedford, Claude Rains; the pauper's brutal father, Barton MacLane, and numerous others. Others in the stellar cast include Henry Stephenson, Phyllis Barry, Fritz Leiber, and Montagu Love, whose performance as King Henry VIII has been hailed as great.

Shep Fields and his Orchestra will appear with "The Prince and the Pauper" on Friday at the Earle, completing their seven days' engagement. Starting Saturday, Hal Kemp and his band will be the stage feature, presenting a fast-moving program of their popular melodies.

METROPOLITAN

"Silent Barriers," epic story of the building of a great railroad, will be the Metropolitan Theater's screen attraction starting Friday, May 14th.

The film was made entirely in the Canadian Rockies, and is filled with the dramatic sweep of "The Covered Wagon." "The Iron Horse," and other epic photoplays. Richard Arlen heads the cast, which includes Lilli Palmer, Antonette Collier, J. Farrell MacDonald and thousands of extras.

COLUMBIA

Another demonstration of the versatile talent of Jean Harlow and Robert Taylor was made evident at Loew's Columbia Theater Friday night in Metro-Goldwyn-

Bufs Winning Streak Threatened By Delaware

Colonials Play Delaware Blue Hens Wednesday at Newark; Face Mount St. Mary's on East Ellipse Diamond

DELAWARE and Mt. St. Mary's will furnish the opposition for the Colonials quick-moving baseball team during the coming week. The contest with Delaware will be in the nature of a return game with an opportunity for revenge as the Colonials beat the Blue Hens a while back by a 7-4 count. Mt. St. Mary's will be a newcomer on the baseball schedule of the Colonials, playing here Friday, with the two teams playing in Mt. St. Mary's on Monday.

The Blue Hens of Delaware have had a so-so season, playing approximately at a .500 clip. The sad colored chickens have had to rely chiefly on their batting prowess to overcome their foes, slugging their way to victory. A more skillful defense and stronger pitching staff might have staved off some of their defeats. When facing the Buffmen, it will be interesting to see if Delaware's highly touted ability with the bat, which bogged down completely in their first game against the Colonials, will function with the old power. Bill Lanier kept the powerhouse group of Carey, Roberts, McCord, and Wharton practically helpless.

Mt. St. Mary's Strong Team. Mt. St. Mary's, a rival of long standing, is next on the list. Mt. St. Mary's was defeated 8-3 last year when the Colonials rolled up an impressive season record. It was in this game that Lefty Johnson hit a double, triple, and home run. Boasting a great deal of strength both afield and at bat, the Maryland nine has a strong list of hitters in McGeelert, Scesney and Apichella. The last mentioned gentleman, who is really wicked with the willow, smashed out two home runs in succession in one game, which was played against the semi-pro Wilkes-Barre Barons. Incidentally, the semi-pro pitchers couldn't throttle the Saints, and were severely extended to win.

Colonials Reach Form

Coming along at a hot clip, the Buffmen have belatedly climbed to the good condition so necessary to win. As the weather goes, so go the Colonials, seems to be a fitting expression. This decided switch in form has come at the same time

Bufs Now Hitting

An added ray of sunshine to Coach Ed Morris is the newly acquired batting eye of his charges. Blasting "Rube" Rubrecht, and Captain Jack Gocke on Friday and Saturday, in that order, the Buff murderers reached the Mountaineers' pitchers for 13 hits on Friday and 12 on Saturday. This is enough to make any coach chuckle with glee.

On looking over the hurlers, Bill Lanier still stands out. The mainstay has rolled up five consecutive wins and hasn't reached peak yet. De Angelis, who has been inactive as a hurler for the past four weeks, yielded a goodly share of the 10 hits acquired by Coach Ira Rodgers' charges Saturday.

In shape finally, the Colonials will have to take Delaware and Mt. St. Mary's to prove they are not a flash in the well worn pan to coin a phrase.

The game with Mt. St. Mary's on Friday will be played on the East Ellipse, starting at 2:30 p.m.

Professor Turret Top is tough, Yet way he marks exams is rough, The Dora Dumb, with reason firm, Expects to pass his course this term!

Every improvement offered by General Motors cars represents an investment running into millions of dollars. But this pioneering program is possible because General Motors sells millions of cars. Huff Is Named D. C. Prison Superintenden

Pittsburgh U. Graduate Is Working for Doctor Degree Here

Ray L. Huff, who was appointed General Superintendent of D. C. Penitentiaries last week by the District Commissioners, is a graduate student in the School of Education. He is a candidate for the degree of Doctor of Education.

Huff, at present executive for the Federal Parole Board, was also a special student here from 1931 to 1933. He received his undergraduate and Master of Arts degrees at the University of Pittsburgh.

Social Worker
For the past two years he has held, besides his position with the Parole Board, an instructorship in the treatment of delinquency, School of Social-Work, Catholic University. He has also taught economics and political science in the University of Pittsburgh, and in 1928 he held an instructorship in educational administration, in Southern Methodist University.

Huff came to Washington in 1931 when he was appointed supervisor of parole in the Federal Bureau of Prisons, Justice Department. Soon afterward he was given his present post on the Parole Board. He entered the University at the beginning of the fall term, 1931.

British Scientist Is Medical Guest

Sir Henry Dale, distinguished British pharmacologist and physiologist, and director of the National Institute for Research in London, will be a guest of the Academy of Medicine of Washington, which includes many members of the medical school faculty, at dinner on May 18.

Gausmann Is Chosen Head of Independents

William C. Gausman was elected acting chairman of the Men's Independent's organization Friday. He will act as temporary chairman pending a meeting of independent men, when a permanent chairman will be chosen.

Spell Desiccated, Guaging? —You're Better Than Most

By Charles Earl Wallace

When Woodrow Wilson was president of Princeton University he once remarked that he could devise a single sentence that could be used as an entrance examination for the university.

Although his test covered spelling alone, he insisted that ability to spell words not used in every day conversation indicated general knowledge. In giving his sentence, President Wilson said a mark of 100 per cent was phenomenal, 85 above the average and 70 sufficient for entrance to Princeton.

According to his set standard the average George Washington student, if 27 persons selected at random from various classes of the University can constitute an average, would doubtless flunk if he attempted to enter Princeton.

This reporter asked 27 persons to take the examination and the average grade was approximately 56. Here is the test which was passed by only eight people:

"A harassed and embarrassed peddler sat in a deserted cemetery gnawing desiccated potatoes, gauging with unparalleled ecstasy the symmetry of a young lady's ankles, and occasionally correlating corollaries."

And if you believe this examination is easy, just try it on yourself or a friend when you have time. Only 12 words in the sentence are officially included in the test. One other word was misspelled by a few. That word was "occasionally" for occasionally.

The words used are: "harassed, embarrassed, peddler, cemetery, gnawing, desiccated, gauging, unparalleled, ecstasy, symmetry, correlating and occasionally."

Students taking the test were 14 from Junior College, 10 from Columbian College and 3 from Law School. The best average was made by first and second year students, the next best by law school students and the lowest score was turned in by third and fourth year people.

STANDARD ENGRAVING CO., INC.

Line, Halftone, and Color Work
PRINTCRAFT BLDG.
WASHINGTON, D. C.

Eight of the Junior College students work for the government, five of them are typists or stenographers and the other three are employed in a clerical capacity. Their average grade was almost 57. All of them declared they were not required to know such words.

Not a single one of the group could be classed as "phenomenal," as none made a 100 per cent mark. The highest average for an individual score was made by a Columbian College student, who is employed as a stenographer for the government. She didn't miss any of the hard words but she forgot to put two d's in "peddler." This gave her a tally of 92. A sophomore turned in the lowest score. His grade was 41.

Apparently students here do not know how to take moisture from various kinds of food as a means of preservation, for all but two people misspelled the word "desiccated." Without any exception, those questioned stopped and asked what the word meant and how it was used. In the event you don't know, if a thing is desiccated it is dried out.

Two words were in a tie for the second hardest word. They are "corollaries" and "ecstasy." All but six wrote down "ecstasy" instead of the right way.

Count for the words below third place was not kept, but the word "symmetry" had the greatest number of variations. Orthographical errors had such mistakes as "symmetry," "symmetry," "cemetery," "symetry" and "simmetry."

It doesn't matter if this test is enough for college entrance or not, it certainly is tough enough. Perhaps students who lived in the blue-backed speller days would have done better, but I doubt it seriously.

Hallam Named Pi Delt Head

Organization Starts Movement for School of Journalism

Charles Hallam was elected president and steps were taken toward the organization of a course in journalism at a meeting Sunday of Pi Delta Epsilon, honorary journalism fraternity.

The possibility of the organization of such a course was discussed by President Marvin at the breakfast which he gave for members of The Hatchet staff. He stated that if it were organized, credit would be given by the University.

Hallam and William Cheatham, former editor of The Hatchet, were appointed to work with the editors of The Hatchet on the project.

Harry Ceppos, former sports editor of The Hatchet, was chosen vice president; Robert Howell, secretary, and Baxter Davis was re-elected treasurer.

Howell was appointed chairman, and Edmund Browning and Cheatham members of a committee to select the recipient of the Pi Delta Epsilon medal, which is awarded annually to the most outstanding first-year man on any publication, and to arrange for its presentation by President Marvin at class night exercises. The prize was won last year by Bernard Holden, business manager of The Hatchet.

New members were elected at the meeting.

K. K. Psi Initiates
Ralph Armstrong and Carl Wells, honorary alumnae members of the band, and Mitchell Bernstein, Jack Miller, William Saeger and Griffith Smith will be initiated into Kappa Kappa Psi Tuesday at a meeting at Columbian House.

Edmonston Given Theta Tau Honor Plaque at Banquet

T. Ritchie Edmonston, member of Theta Tau and of the American Society of Civil Engineers, was awarded the Theta Tau activity plaque by Ed Thomas, regent, last Saturday night at the ninth annual Engineers' banquet.

Delmar C. Ports was presented with the Sigma Tau scholastic medal by J. Harold Link, sphinx.

Members of the Engineering Council presented with keys by Dean John R. Lapham were George Rhine, president; Marion Myers, vice president; T. Ritchie Edmonston, treasurer; Bob Wildman, social chairman; Don Rait, secretary; Ray Matson, director of publicity; Charles Mikuszewski, Ed Thomas and Ed Newell.

Dr. Kindler Signs 3-Year Contract

Dr. Hans Kindler has signed a contract for three years as conductor and musical director of the National Symphony Orchestra, it was announced last week.

Dr. Kindler announced that several renowned artists have been engaged to appear with the orchestra next year. They include Lucie Arnica, soprano; Moriz Rosenthal and Percy Grainger, pianists; Mischa Elman and Joseph Szigeti, violinists; Richard Crooks, tenor; the Vienna Choir Boys and the Monte Carlo Ballet Russe.

Saturday—"Racing Lady," Ann Dvorak, Harry Carey. A drama of the turf with Southern California. Famous Santa Anita as the setting.
Sun. & Mon.—"John Meade's Woman," Edward Arnold, George Bancroft, Frankie Lorraine.

Cooperatives Need Pledges

Housing Group Wants Several Promises and Cash on Line

If ten or 12 people will pledge definitely to join and deposit \$20 at the same time, the Co-operative Student Housing Association will be able to obtain a lease on a house and a charter from the University, and begin operating possibly next Fall, said leaders in the movement following a meeting last Tuesday.

"Four persons have already pledged their cooperation by signing an agreement, whereby the money paid in will either be returned or applied toward a lease on the property within a limited time."

"Paying the first \$20," Kay Enix, vice president of the group, said, represents an initial payment for a share in the organization, and will be considered as such."

Two Alumni Are In Cork Industry

Two former George Washington men, M. Richard Barr, and Jesse R. Smith are now with the Armstrong Cork Company, Lancaster, Pa., one of the world's largest manufacturers of cork products.

Smith is at present the company's Washington counsel, and Barr is a salesman in the floor division.

Rochelle Appoints 2 To Investigate Magazine Plank

Howard Ennes, Hatchet editor, and Winfield Rankin, associate editor, have been appointed by Bill Rochelle, president-elect of the Student Council, to serve on a committee to look into the problems of putting out a student literary magazine.

In making the appointments, which are unofficial because he has not yet assumed office, Rochelle expressed the opinion that probably the third member of the committee would be a member of the Literary Club.

In thus starting on the fulfillment of the Service Party platform pledges, Rochelle urged that "every organization having Council representatives next year should have its delegate elected before the close of this school year, so the Council can start functioning during the summer."

Student Edits Booklet for Agriculture Department

Joseph D. Cooper, a student in the University, is the editor of a booklet entitled "Employees' Activities," which was released last week by the Welfare Association of the Department of Agriculture.

The booklet includes pictures of various activities of employees in agriculture, as well as an index with the names of leaders in those activities.
